SCG joins BYD Auto Industry to develop “Electric Vehicle & New Energy Project”,
offering new opportunity to reduce pollution

Mr. Bunn Kasemsup (left), Managing Director of SCG International Corporation Co., Ltd., on behalf of SCG Group, has recently signed an MOU with Mr. Liu Xueliang (right), General Manager Asia-Pacific Auto Sales Division of BYD Auto Industry Company Limited on “Electric Vehicle & New Energy Project”. This partnership will bring together the strength of SCG International in distribution network and its intention to develop new business on electric vehicle, as well as the expertise of BYD Auto Industry for the technological innovations of electric vehicle. This collaboration will offer the new opportunity to reduce pollution, save energy expense, and strengthen the business in the sustainable manner.
